Honorable Jacob K. Javits
United States Senate
Washington, D. C. 20510

Dear Senator Javits:

We want to thank you again for making Mr. Peter Lakeland available as a panelist before one of our Senior Seminar training groups. His knowledgeability and candor were most impressive, and he contributed very substantially to an understanding of problems of relations between the Legislative and Executive. In these days, we feel that such an understanding is particularly important for our senior officers, and Peter certainly proved himself particularly well qualified in this regard.

Sincerely,

[Redacted Signature]

John M. Maury
